NEWS from GEDC

Growing the Region

Regional Events Scheme now open

Events such as the Leonora Golden Gift, along with Kalgoorlie's St Barbara's Festival and Discover the Round are very important for our Region in that they bring people together, build community spirit and resilience and provide much needed economic spin off.

The good news for those organisations that are responsible for running these, and other important community events, is that funding is now available. Eventscorp and the Department of Regional Development and Lands have opened applications for the 2012/13 Regional Events Scheme (RES), which is partly funded by Royalties for Regions.

Royalties for Regions is a long-term vision for Western Australia, one that recognises that the sustainable development of regional Western Australia is vital to the State's future. It is a plan for the whole of Western Australia, with a focus on building communities in regional areas through six policy objectives: 1) building capacity in regional communities 2) retaining benefits in regional communities 3) improving services to regional communities 4) attaining sustainability 5) expanding opportunity and 6) growing prosperity.

RES is designed to assist with the development of established or new regional events as tourist attractions within regional Western Australia. It aims to assist events that are capable of improving the vibrancy and vitality of the Regional WA, bringing additional tourism income to regional communities by increasing visitor expenditure in the host community (economic impact), involving and inspiring the local community (social benefits), extending the length of the traditional tourist seasons and better utilising tourism facilities and services during off-peak or shoulder periods and attracting media coverage that will help raise the profile of the region as a tourist destination (media impact).

Events with a proven track record of good management, confirmed (private) sponsors, ability to be conducted in the non-peak tourist season, large visitor numbers and/or ability to attract media attention are most likely to succeed. An even regional spread across Western Australia is also considered in the assessment process.

Funding amounts of between \$5,000 and \$50,000 per event can be requested.

RES is administered via an application process with strict deadlines and applications are reviewed based on criteria and compared against each other. An even regional spread across Western Australia is also considered in the assessment process.

A funding pool of up to \$600,000 is available for events that fall between July 1, 2012 and June 30, 2013. Applications are now open with a deadline of 4pm Thursday, February 16, 2012. Funding guidelines can be downloaded at www.tourism.wa.gov.au/Events/Documents.

The GEDC encourages event organizations to consider making an application. If you need further advice please call our GEDC Senior Grants Officer on (08) 9080 5000. Mia will be happy to help.

The verse *Roses are red* echoes conventions traceable as far back as Edmund Spenser's epic *The Faerie Queene* (1590):

*She bath'd with roses red, and violets blew,
And all the sweetest flowres, that in the forrest grew.*

The modern cliché Valentine's Day poem can be found in the collection of English nursery rhymes *Gammer Gurton's Garland* (1784):

*The rose is red, the violet's blue
The honey's sweet, and so are you
Thou are my love and I am thine
I drew thee to my Valentine
The lot was cast and then I drew
And Fortune said it shou'd be you.*

*To-morrow is Saint Valentine's day,
All in the morning betime,
And I a maid at your window,
To be your Valentine.
Then up he rose, and donn'd his clothes,
And dupp'd the chamber-door;
Let in the maid, that out a maid
Never departed more.*

ROYALTIES FOR REGIONS TO UPGRADE WATER FOR REMOTE COMMUNITIES 15 FEBRUARY 2012

The Hon Wendy Duncan MLC has welcomed the announcement that will see \$12 million of Royalties for Regions funding used for water upgrades in Aboriginal communities in her Mining and Pastoral Electorate.

Ms Duncan said that the funding would see upgrades to essential water services, including improvements to the quality and supply of drinking water in up to 28 remote communities, which include approximately 15 in Kimberley, 6 in the Goldfields and 7 in the Pilbara.

The Royalties for Regions funding will be utilised to ensure the ongoing continuity and safety of supply for residents and resident service providers, addressing any public health risks associated with water quality risks.

In addition to this, \$7 million of Royalties for Regions funding will be utilised for electricity upgrades in six remote health clinics in the roll-out of the Royalties for Regions Remote Indigenous Health Clinics Program.

“Living in the remotest of communities in the State certainly does provide some challenges for residents. This Royalties for Regions funding will enhance essential services to these people, having an immediate positive impact on their communities,” said Ms Duncan.

The water upgrade project will be managed by the Department of Housing with works commencing immediately and continuing through 2012.

GLIMPSSES OF THE PAST

Richard Buzacott

Commonly known as Dick Buzacott, he was born at Clare in South Australia in 1867.

He was named after his father, was educated at Stanley Flat Primary School and Clare High School, then worked as a farm labourer.

In 1900 he came to the West Australian Goldfields, prospecting on the Goon-garrie fields near Menzies.

In 1901 he became President of the Menzies Branch of the AWU in 1901, **and of the Amalgamated Miners' Association in 1903.**

From 1904 he was President of the Australian Labor Federation.

June, 1904 and October, 1905 he contested the WA Legislative Assembly seat of Menzies as a Labor Candidate but was defeated on both occasions by the incumbent Henry Gregory.

1906/07 he was Secretary of the Menzies Miner's Institute.

On March 31st, 1908, he married Lucy Marshall. They had one son, Richard Norman Buzacott.

At the Elections in September, 1908, Buzacott defeated Gregory for the seat of Menzies in a general election. Gregory disputed the results, ultimately the election was declared void and a by-election was held on 20th November, which Gregory won.

1910 Buzacott was elected to the Australian Senate on the Labor Ticket.

He served as a Labor member until the conscription crisis of 1917, because he was a pro-conscriptionist, he was expelled from the Labor Party.

He joined the Nationals and retained his seat until June 1923.

Buzacott lived in Melbourne from 1912, very little is known of his life after politics.

His wife died in 1976 aged 88, and he had predeceased her in 1933 aged 65.

SYMPTOMS THAT USUALLY OCCUR 15 MINUTES - 2 HOURS LATER ARE:

HEADACHE • NAUSEA • DROWSINESS • BLURRED OR DOUBLE VISION • PAIN OR TIGHTNESS IN THE CHEST OR ABDOMEN • BREATHING DIFFICULTIES • GIDDINESS OR FAINTNESS • DIARRHOEA

FIRST AID FOR SNAKEBITES

FOUR DO'S

- 1 REST AND REASSURE THE CASUALTY - ACT CALMLY.
 - 2 BANDAGE BITTEN AREA FIRMLY AND PROMPTLY - USE A BROAD, FIRM BANDAGE TO COVER AS MUCH OF THE LIMB AS POSSIBLE ABOVE AND BELOW THE BITE (CLOTHING IS IDEAL OR AN OLD TOWEL TORN INTO STRIPS).
 - 3 KEEP THE LIMB AS STILL AS POSSIBLE - BANDAGE TO A SPLINT (A PIECE OF TIMBER OR FOLDED NEWSPAPER IS IDEAL).
 - 4 BRING TRANSPORT TO THE CASUALTY WHERE POSSIBLE.
- * IF YOU ARE BITTEN WHEN BY YOURSELF STAY CALM, APPLY BANDAGE & CALMLY WALK TO THE NEAREST PLACE WHERE HELP IS AVAILABLE.

FOUR DONT'S

- 1 DON'T PANIC.
- 2 DON'T APPLY A TORNIQUET.
- 3 DON'T CUT OR WASH THE AREA. (THE VENOM MAY BE NEEDED TO IDENTIFY THE SNAKE.)
- 4 DON'T REMOVE THE BANDAGE UNTIL MEDICAL AID SAYS SO.

Using crepe or conforming roller bandage (about 10 - 15cm wide), pantyhose or other material, immediately apply a firm bandage.

Always starting from the fingers or toes, bandage upwards as far as can be reached up the affected limb. Bandage firmly as for a sprained ankle.

Immobilise limb using a splint secured with a second bandage. Check the fingers and toes for circulation. Keep the casualty and the limb at rest. DO NOT remove the splint or bandage once applied.

THESE CHILDREN KNOW WHAT TO DO IF A SNAKE BITES. IMPROVISED TREATMENT COULD LOOK SOMETHING LIKE THIS...

This girl is tearing a shirt into wide strips to use as a bandage. She has told the casualty to lie down and keep still.

Beginning at the toes, she binds the leg firmly. She will indicate the bite site by marking the outside of the bandage.

The bandage will go up the leg as far as possible, ideally covering the whole leg. (For bites on the hand or forearm, bandage the entire arm beginning from the fingers.)

Using a strong stick as a splint, she immobilises the leg, while offering calm words of reassurance to the casualty.

She fastens the splint to the leg using a second bandage. She will then try and get help to bring transport to the casualty.
