VALE BRIAN HOWSON
6 September 1943 to 11 June 2013

Brian Howson or Coach as he was also known, was the Manager Works and Services for the Shire of Menzies for approximately fifteen months.

Brian's extensive knowledge of all things to do with road works and civil works in general was an asset to the Shire and other staff members who worked with him have benefitted from his wisdom and experience.

Brian's sudden passing was a real shock to everyone who knew him. He leaves huge shoes for someone else to fill.

Our deepest sympathy goes to the Howson family.

NOTICE TO THE PUBLIC

The contractor who recently installed the digital television service in Menzies has been made aware of some people in town experiencing problems receiving GWN on their television sets. They have advised that one particular brand of TV appears to be having problems, that brand being LG - if the set is less than three years old. However other brands may also be affected. If you are having problems, please call Vivian at the Shire of Menzies (90242041) and advise of the brand and model number of your TV. Our Contractor can then ask the TV manufacturer if they have a firmware upgrade for the models in question. Alternately, you might also try logging on to the manufacturer's website to find out if there is an available firmware upgrade that you can download and install.

Western Australia's premier sports camp for children.

The popular Dean Cox Football Clinic returns to Perth these winter school holidays (16-18 July 2013) and registration is now open.

Proudly presented by West Coast Eagles premiership player and All Australian Ruckman, Dean Cox, this three day clinic is widely regarded as the ultimate sporting experience for children, as it brings together WA's best coaches, elite athletes and professionals.

Specially designed for boys and girls aged 6 to 16, the Dean Cox Football Camp has a low coach to athlete ratio of 1:10 and in addition to the specialist coaching, there will be a number of workshops and programs held over the three days including a presentation by Dean Cox, a nutrition and injury prevention workshop, autograph session with elite football players, autographed photo with Dean Cox, prizes and giveaways and much more.

Last year Luke Shuey, Daniel Kerr, Nic Naitanui, Josh Kennedy and Mark Lecras all attended the sports clinic as special guests.

This year's event will be held on the 16th, 17th and 18th of July, at Aquinas College, 58 Mt Henry Road, Salter Point. Currently there are limited vacancies, so head to the [Specialized Training and Development website](#) for further details on how to secure a spot for your child. The total cost is \$240 and all the required equipment will be provided, as well as lunch and drinks and a camp pack.

If your child would like to attend the Dean Cox Football Camp, please visit the [Specialized Training and Development website](#) and fill out the registration [form](#), or alternatively or contact 0419 855 910 for further information.

July is the seventh month of the year in the Julian and Gregorian Calendars and one of seven months with the length of 31 days.

It was named by the Roman Senate in honour of the Roman general, Julius Caesar, it being the month of his birth. Prior to that, it was called Quintilis.

It is, on average, the warmest month in most of the Northern hemisphere (where it is the second month of summer) and the coldest month in much of the Southern hemisphere (where it is the second month of winter).

The second half of the year commences in July. In the Southern hemisphere, July is the seasonal equivalent of January in the Northern hemisphere.

July starts on the same day of the week as April in a common year, and January in leap years.

In a common year no other month ends on the same day as July, while in a leap year July ends on the same day of the week as January.

KCGM EMPLOYMENT INFORMATION SESSIONS

The KCGM Career Information Sessions are held at the KCGM Super Pit Shop, located at the Hannans North Tourist Mine, just off the Goldfields Highway, 1.5km North of Hannan Street.

HEALTHY IN MIND, BODY AND SPIRIT

Our regional Services program which we are calling ‘The Y Project’ aims to provide alternative activities for young people which contain education strategies around the effects of volatile substance misuse and promote the value of low aromatic fuel.

The Eastern Goldfields YMCA youth services will use the mobile youth centre to provide a range of targeted, place based activities for youth which seek to address the harm caused by petrol sniffing and substance abuse through prevention and diversion programs, education, skills targeting and mentoring.

Using a range of engaging equipment and programs including a multiple number of inflatables, that communities may not have had prior experience of, as a tool to prevent and discourage substance abuse and antisocial behaviour, promote the value of Low Aromatic Fuel to gain wider acceptance in the community and by tourists travelling through the Goldfields region.

For immediate release: Digital TV now available in Menzies

Menzies Shire President, Greg Dwyer getting a run through of the new digital television equipment from Glenn Welsh, General Manager at Satellite Television and Radio Australia.

Future West Coast Eagles games can now be enjoyed in digital clarity as the new Commercial and SBS digital channels went to air in Menzies on Friday 21st June. Local residents were excited to have digital television in time for the West Coast vs Hawks match that night.

Satellite Television and Radio Australia Pty Ltd (STRA) completed the installation of the digital retransmission equipment and a new 15 metre broadcast pole at the council office on Thursday the 20th of June. The ABC digital services are due to commence on June 25.

The Menzies conversion from analogue to digital was part of the Goldfields TV conversion project. The shire now also has a brand new broadcast pole located at the side of the council office. This pole ensures that the transmit antenna is high enough to cover the township and surrounding area as well as providing a much more suitable location than the roof of the council office.

STRA also assisted the Shire of Menzies to obtain a 75% funding subsidy from SBS Corporation to help with the installation costs for the SBS digital television service.

Shire of Menzies President, Greg Dwyer said "Menzies residents and visitors will continue to enjoy free access to television services, as it should be". With 15 new digital channels available from the council owned site and four more from the ABC site, there is now much more choice than the old four analogue channels.

Mr Glenn Welsh – General Manager at STRA, said; "the Menzies digital self help site upgrade includes remote monitoring equipment that allows reconfiguration and troubleshooting if ever it's required.

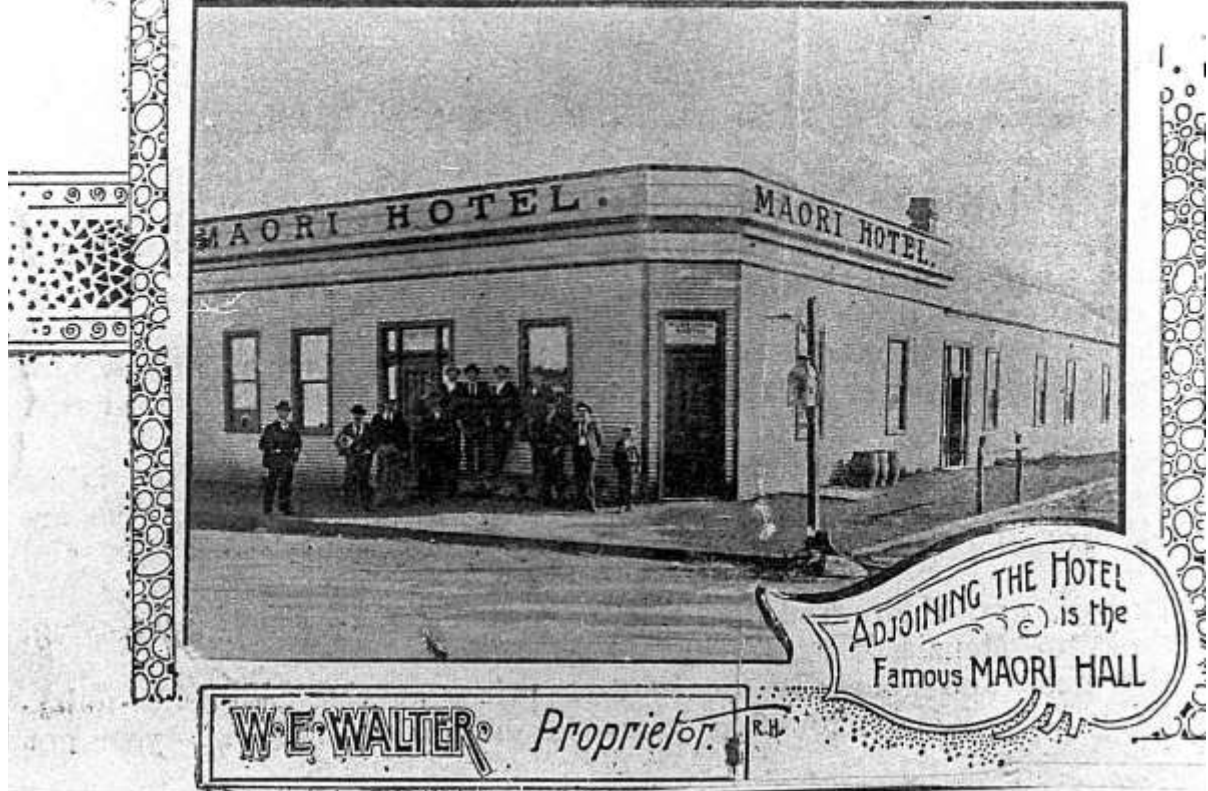

For more information about this installation or digital TV retransmission, frequency re-stacking, FM radio services, commercial MATV systems or remote site monitoring and maintenance please call Satellite Television and Radio Australia Pty Ltd on (02) 6059 7627 or (07) 3103 0477.

We value the vision:
**YIRRKALA BARK
PETITIONS 1963**

The theme for NAIDOC Week 2013 is We value the vision: Yirrkala Bark Petitions 1963.

This year's theme proudly celebrates the 50th anniversary of the presentation of the Yirrkala Bark Petitions to the Federal Parliament.

In August 1963, the Yolngu people of Yirrkala in northeast Arnhem Land sent two bark petitions – framed by traditional ochre paintings of clan designs – to the Australian House of Representatives.

The petitions protested the Commonwealth's granting of mining rights on land excised from Arnhem Land reserve and sought the recognition by the Australian Parliament of the Yolngu peoples' traditional rights and ownership of their lands.

Asserting title to Yolngu country under Yolngu law, the petitions were the first traditional documents **recognised by the Commonwealth Parliament and helped to shape the nation's acknowledgment of** Aboriginal people and their land rights.

We value the foresight, strength and determination of the Yolngu people whose Bark Petitions set into motion a long process of legislative and constitutional reforms for Aboriginal and Torres Strait Islander people.

While appealing for the recognition of Yolngu rights to land, the Bark Petitions were a catalyst in advancing changes to the Constitution in the 1967 referendum, the statutory acknowledgment of Aboriginal land rights by the Commonwealth in 1976, and the overturning of the obstacle of the concept of terra nullius by the High Court in the Mabo Case in 1992 that recognised the traditional rights of the Meriam people to their islands in the eastern Torres Strait.

Today, we look to a future that better understands and celebrates the unique connection that **Aboriginals and Torres Strait Islander's share to country, as we continue to build an Australia that** reflects the achievements and furthers the aspirations of our people.
