Issue 57

Free

March 2013

The 58th Kalgoorlie Boulder Community Fair will take place Friday 15th and Saturday 16th March 2013.

The 2012 Kalgoorlie Boulder Community Fair attracted just over 10,000 people and record numbers of exhibitors.

We hope to make this an extremely exciting event, with bigger and better exhibitors and lots more entertainment.

The Fireworks display will be on the Saturday night starting at 9pm.

CAUTION

You will have noticed road works and footpath works being carried out along Shenton Street at the moment.

Please exercise caution when riding or driving along this section of the main street whilst our Contractors are hard at work beautifying Menzies.

The Menzies Community Resource Centre is looking for an enthusiastic and committed individual who would like to undertake a traineeship at the CRC.

The CRC is a community organisation that also operates a tourist information centre, library, internet access and is the postal agency for the region.

Interested persons are invited to forward their CV and a letter outlining their interest and experience and the course of study they wish to pursue.

FROM THE ORDINARY MEETING OF COUNCIL—
THURSDAY 28 FEBRUARY 2012

LOCAL PLANNING POLICY No 8 – MOVEABLE BUILDINGS:

In November 2012, Council approved of advertising the fact that they were reviewing Local Planning Policies and invited public comments on those policies. Council have now added Local Planning Policy No 8 - Moveable Buildings to that list. Copies of that Policy are now available from the administration office and the public is invited to make submissions on this proposed policy. Council will then consider all comments before Adopting the final Policy.

SUPPLY OF LEGAL SERVICES:

Council has resolved to seek legal advice in regards the responsibility of providing power and water to lots of land in Menzies townsite. This is in response to the Water Corporation's advice that the Shire must fund not only new mains to the existing streets, but also the duplication of the existing water main leading from the storage tank on the hill for some 415 metres.

Horizon Power also advise that the Shire must fund the supply of power to these lots. As these lots were surveyed and gazetted some 117 years ago, Council feels that it is the responsibility of the service providers to supply these services and will seek legal advice as to their next move.

LAKE BALLARD:

Council has been requested by the Lake Ballard Association (LBA) to seek legal advice on options regarding the Shire of Menzies taking over the Management Orders for the Lake Ballard Reserves. The current status of the Management Orders does not allow the LBA to make *Local Laws* to control the passage of vehicles onto the lake, nor does it have any control over land side issues. The Management Orders also prohibit the Shire from making these *Local Laws* as the Shire has no tenure over the land. Hopefully, these issues can be resolved in the near future to allow the site to be further developed and exercise some semblance of control over the reserves.

OPENING OF NEW COUNCIL CHAMBERS:

Council has set the date of Tuesday 23 April 2013 for the opening of the new Council Chambers. An invitation will be extended to Mr John Tonkin to officiate at the ceremony. Most people will know of Mr Tonkin who lived in the Menzies area for many years whilst owning several stations in the region. Mr Tonkin served as a Councillor on the Menzies Shire for some 40 years including 8 years as Shire President.

SHIRE OF MENZIES

2013 / 2014 BUDGET

Shire staff will shortly begin the process of compiling the 2013 / 2014 Budget.

Council would like to advise residents and community groups that if there is an item that they would like considered for inclusion in this coming budget, they should make a submission to the CEO in writing. The submission should include all relevant information so as to enable the staff to cost the item in detail.

Submissions should reach the undersigned by close of business on **Thursday 28 March 2013**.

PUBLIC CONSULTATION

At the Ordinary Meeting of Council held Thursday, 28 February 2013, Council approved an addition to the Local Planning Policies.

Local Planning Policy No 8 – Moveable Buildings deals with the erection of buildings of the type such as transportable units and sea containers

Free copies of this document are available by contacting the Administrative Centre. Residents are urged to take advantage of this opportunity to consider what their Council is endeavouring to achieve in building a better future for the town and its residents.

Any person wishing to make comment on these plans is invited to address that submission to the CEO. Council will then consider all comments before Adopting the final plans.

NATIONAL ARTHRITIS AWARENESS WEEK

17–23 March 2013

Arthritis is a name for a group of conditions affecting the joints. These conditions cause damage to the joints, usually resulting in pain and stiffness. Arthritis can affect many different parts of the joint and nearly every joint in the body.

Is rheumatism different to arthritis?

Not really. Rheumatism is just a more general word that was used in the past. It described any pain in your bones, muscles and joints. We know more about problems with bones, muscles and joints, so we use words like back pain, tendonitis and arthritis to describe these conditions now.

Are there different types of arthritis?

There are over 100 forms of arthritis. Each type of arthritis affects you and your joints in different ways. Some forms of arthritis can also involve other parts of the body, such as the eyes. The most common forms of arthritis are:

- osteoarthritis
- rheumatoid arthritis
- gout
- ankylosing spondylitis

Who gets arthritis?

Anyone can get arthritis, including children and young people. In Australia nearly one in five people has arthritis. Many people think arthritis is a normal part of getting older. This is not true. In fact two out of every three people with arthritis are between 15 and 60 years old. Arthritis can affect people from all backgrounds, ages and lifestyles.

Arthritis and Osteoporosis WA

The objective of Arthritis & Osteoporosis WA is to reduce the incidence and disabling effects of arthritis, osteoporosis and related conditions in the people of WA.

Support Groups

Arthritis WA has a number of support groups which are led by a trained volunteer leader. These groups provide participants with the opportunity to meet regularly with others in a similar situation. If you would like the opportunity to:

- Talk freely about your experiences and feelings in a safe non-judgmental environment
- Share helpful hints and practical tips
- Receive and give encouragement and support to others
- Socialise and make new friends

SHIRE OF MENZIES

PUBLIC TOILETS

Council has Budgeted this year to construct new public toilets. Initial thoughts were for the toilets to be located at the bottom end of the sports field on the Shenton Street frontage.

Before Council makes the final decision on where the toilets are situated, the public is invited to submit their comments on where they think that toilets would be most appropriately located.

There are currently two locations that could be considered:

- ◆ The bottom end of the sports field on Shenton Street
- ◆ The vacant land between the old Western Power Station site and the Pioneer Store in Shenton Street

Residents are requested to have their comments submitted to the undersigned by close of business on Wednesday, 20 March 2013.

Saturday 23 March 2013

International Women's Day has been observed since in the early 1900's, a time of great expansion and turbulence in the industrialized world that saw booming population growth and the rise of radical ideologies.

The first National Woman's Day (NWD) was observed across the United States on 28 February. Women continued to celebrate NWD on the last Sunday of February until 1913.

At the second International Conference of Working Women held in Copenhagen in 1910, a woman named a Clara Zetkin (Leader of the 'Women's Office' for the Social Democratic Party in Germany) tabled the idea of an International Women's Day. She proposed that every year in every country there should be a celebration on the same day - a *Women's Day* - to press for their demands. The conference of over 100 women from 17 countries, representing unions, socialist parties, working women's clubs, and including the first three women elected to the Finnish parliament, greeted this suggestion with unanimous approval and thus International Women's Day was the result. The date decided upon was 19 March.

In 1911, the first IWD on the new date was held, in Austria, Denmark, Germany and Switzerland and was attended by more than one million men and women. However less than a week later on 25 March, the tragic 'Triangle Fire' in New York City took the lives of more than 140 working women, most of them Italian and Jewish immigrants. This disastrous event drew significant attention to working conditions and labour legislation in the United States that became a focus of subsequent International Women's Day events.

On the eve of World War I campaigning for peace, Russian women observed their first International Women's Day on the last Sunday in February 1913. In 1913 following discussions, International Women's Day was transferred to 8 March and this day has remained the global date for International Women's Day ever since. In 1914 further women across Europe held rallies to campaign against the war and to express women's solidarity.

Since its birth in the socialist movement, International Women's Day has grown to become a global day of recognition and celebration across developed and developing countries alike. For decades, IWD has grown from strength to strength annually. For many years the United Nations has held an annual IWD conference to coordinate international efforts for women's rights and participation in social, political and economic processes. 1975 was designated as '*International Women's Year*' by the United Nations. Women's organisations and governments around the world have also observed IWD annually on 8 March by holding large-scale events that honour women's advancement and while diligently reminding of the continued vigilance and action required to ensure that women's equality is gained and maintained in all aspects of life.

2000 and beyond: IWD is now an official holiday in throughout the world. The tradition sees men honouring their mothers, wives, girlfriends, colleagues, etc with flowers and small gifts. In some countries IWD has the equivalent status of Mother's Day where children give small presents to their mothers and grandmothers.

The new millennium has witnessed a significant change and attitudinal shift in both women's and society's thoughts about women's equality and emancipation. Many from a younger generation feel that 'all the battles have been won for women' while many feminists from the 1970's know only too well the longevity and ingrained complexity of patriarchy. With more women in the boardroom, greater equality in legislative rights, and an increased critical mass of women's visibility as impressive role models in every aspect of life, one could think that women have gained true equality. The unfortunate fact is that women are still not paid equally to that of their male counterparts, women still are not present in equal numbers in business or politics, and globally women's education, health and the violence against them is worse than that of men.

However, great improvements have been made. We do have female astronauts and prime ministers, school girls are welcomed into university, women can work and have a family, women have real choices. And so the tone and nature of IWD has, for the past few years, moved from being a reminder about the negatives to a celebration of the positives. Annually on 8 March, thousands of events are held throughout the world to inspire women and celebrate achievements. A global web of rich and diverse local activity connects women from all around the world ranging from political rallies, business conferences, government activities and networking events through to local women's craft markets, theatric performances, fashion parades and more.

Many global corporations have also started to more actively support IWD by running their own internal events and through supporting external ones. For example, on 8 March search engine and media giant Google some years even changes its logo on its global search pages. Year on year IWD is certainly increasing in status. The United States even designates the whole month of March as 'Women's History Month'.

So make a difference, think globally and act locally!! Make everyday International Women's Day. Do your bit to ensure that the future for girls is bright, equal, safe and rewarding.

Kookynie

Kookynie, has an area of two and a quarter miles, was incorporated on May 22, 1902 and is governed by 9 Councillors, exclusive of the Mayor. Half a mile [of the two and half miles of streets within its boundaries] has been formed at a cost of 23 pounds per chain.

The total number of buildings in the municipality is 400. The population is 2,320 which is made up of 1,693 males, 331 females and 296 children. The municipal rate is 1 shilling and 3 pence in the pound. The sanitary system employed is that of sealed pans.

There are 7 hotels and a workman's club, 5 general stores, 3 drapers and 4 confectioners and greengrocers etc, beside stationers, tobacconists and so on. There is a State School, a hospital, and post and telegraph and money order offices. The water supply is derived from wells, and mains are being laid down for service in case of fire and for street watering. The water is fresh and of good quality, and the town has an excellent swimming bath, which is a great boon in summer months..

An electric light installation to comprise, 7 arc lamps for street lighting, supplemented by 15 kerosene lights, is at present being established.

The maximum shade temperature recorded last summer was 112F, and the minimum, in winter 46F.

The town supports 2 newspapers, one published once and the other twice a week.

Fruit and vegetables of all descriptions are plentiful.

Banks also have branches in the town, and some very handsome brick buildings adorn the streets; which are very level, as the town is in flat country.

In contrast to each other may be cited Campbell's Kookynie Hotel [the first hotel in Kookynie] and McAdam's National Hotel of which buildings illustrations are hereby given.

Kookynie Hotel

Although the front of the Kookynie Hotel is not as imposing as that of the National, numerous additions in brick have been made in the back, but as a landmark of the early days,

Menzies Matters

the front remains almost identical with what it was before anybody guessed that within a year and a half, the town would become what it is now.

McADAM'S NATIONAL HOTEL, KOOKYNE.

National Hotel

The rooms in both hotels are comfortable, and they are lighted by electricity. Bathrooms are on the premises, and travellers will find in regard to the menu and appointments much to marvel at, considering the brief period in which all of these things have been accomplished.

Last, but not least, the town has an excellent recreation ground and racecourse, and on the latter the Kookynie Turf Club holds 3 meetings annually.
